

Located in Brown and Edmunds Counties in Northeast South Dakota, our 5,000 acres are some of the finest archery hunting grounds that South Dakota has to offer. Within extensive slues, river bottoms and shelterbelts we have set up tree stands and ground blinds in strategic locations to produce Trophy Bucks. We are committed to providing quality accommodations and a productive hunt.

Our friendly guides share years of archery hunting experience and are able to tailor your hunt to your needs and hunting style. While you are hunting, guides will scout to find new locations of movement in other areas on the property. When you harvest an animal, the guide will take care of your game from cleaning to getting it to the processor for donation (Sportsman

Against Hunger Program) or making some of the best venison creations in South Dakota (Frohlings Meats Hecla, SD). We also offer many options for taxidermy to make your South Dakota Archery Deer Hunt last a lifetime. Our Guides make it their personal goal to be your partner in success and ensure safety. No one knows more about archery hunting in northeast South Dakota than our guides.

Relax and enjoy Thunderhead Lodge as you hunt 5,000 acres of wildlife paradise with South Dakota Archery Outfitters. The lodge is designed to house all of your hunting gear and equipment and our guides stay on site to make sure all of your needs are met. We provide all meals and beverages, excluding alcohol.

Whether driving or flying, Aberdeen, South Dakota is easily accessible. Delta Airlines runs passenger flights in and out of Aberdeen while our affiliate, Quest Aviation (605-225-8008), can service and hanger your aircraft during your stay if you choose to fly by personal

or corporate aircraft. Our staff will meet you and load your gear before driving the 35 miles north of Aberdeen to the lodge. We are happy to make any stops upon request to get supplies.
